Cross-Functional Collaboration

Education

UNIVERSITY COLLEGE OF ENGINEERING KANCHIPURAM

Bachelor of Engineering in Computer Science and Engineering

AUG 2014 - MAY 2018

Kancheepuram, Tamil Nadu

CGPA: 6.26 / 10.0

Experience (6 Years 7 Months)

ALTIMETRIK INDIA PRIVATE LIMITED | Senior Engineer - Product and Platform Engineering

APR 2026 - PRESENT | Chennai, Tamil Nadu

- Developed and modernized web applications using modern frontend technologies to improve performance, usability, and user experience.
- Improved development efficiency and code quality using AI-powered development tools including GitHub Copilot.
- Collaborated with cross-functional teams to develop and integrate shared libraries and custom NPM packages.
- Collaborated with clients and project managers to gather feedback, plan sprints and upcoming deliverables, track development progress, and ensure timely feature delivery in an Agile environment.

ACL DIGITAL (Alten Calsoft Labs India Private Limited) | Senior Software Engineer

DEC 2024 - MAR 2026 | Chennai, Tamil Nadu

- Built the Vivano application from scratch using Angular with a focus on scalable, reusable, and user-friendly UI components.
- Developed reusable Angular components for tables, printing, and data export, reducing code duplication and improving consistency.
- Improved application performance using Angular lazy loading, RxJS, and Angular Signals.
- Implemented REST API integration with encryption and decryption for secure data transmission.

CUBESIMPLE PRIVATE LIMITED | UI UX Developer

APR 2024 - JUL 2024 | Chennai, Tamil Nadu

- Gathered requirements and coordinated with team members for an internal ERP web application.
- Implemented the Attendance module with responsive and user-friendly UI components.

SOFT SUAVE TECHNOLOGIES PVT LTD | Executive Software Engineer

DEC 2020 - MAR 2024 | Chennai, Tamil Nadu

- Developed and enhanced the Nimbus SCF loan origination application by implementing new features based on client requirements.
- Implemented custom Angular directives for input validation and custom pipes for user-friendly data presentation.
- Integrated third-party services including Perfios, CKYC, Credit Bureau, and Karza through REST APIs.
- Implemented file upload and download functionality for financial data across multiple microservices.
- Handled database migrations using SQL scripts, queries, functions, and APIs.

ECO TECH SOFTWARE PVT LTD | Software Programmer Trainee

JUN 2018 - SEP 2019 | Chennai, Tamil Nadu

- Understanding the business logic and requirements.
- Fixing Errors and Implementing the features in costing module.
- Improve the application performances.
